

Since 1992

SEMITRONE CONCHEM LTD

Corporate Presentation

2024

The value of the buildings are increased with the happiness of people living inside them.

We believe that we can live happily only in buildings constructed with high technology chemicals. We, at SEMITRONE CONCHEM LTD, are producing high technology construction chemicals since 1992 for cozy homes and higher quality of life in buildings, in our production facilities in Ahmedabad & Hyderabad.

Milestones

Our Values

We Are Focused On Quality

We do not content ourselves only with a flawless production. Our mission is to service our clients with an holistic approach.

Quality is always targeted at its highest level, both in production and in our managerial departments.

Our Clients Are Invaluable

Our R&D department continuously works to meet the demand of our customers.

Technical support and standing behind our products are key to our customer relations.

We Are Passionate About Our Work

We are passionate about our work. We owe the remarkable growth we achieved to our passion for our work.

Our employees has a sound contribution to our success.

Our Promises

We Are Where You Are!

We founded our production facilities taking **the strategic locations** into consideration for fast and economical delivery.

Our Quality Approach

The driving force behind our success is our respect to the quality processes.
Flawless production is the main philosophy of our company.

Our Aim For Flawless Production

Each product is tested by our Quality department at each stage of the production until the delivery to the customer.

All our work processes are configured to ensure that all our customers are serviced perfectly. We produce in line with our ISO 9001:2015 Quality Certificate and our products are certified by local and international institutions such as

Our Differences

THANKS TO OUR FLEXIBILITY AND SPEED

we can meet urgent customer demands, even forecast their needs and expectations before them.

With 100% LOCAL PRODUCTION

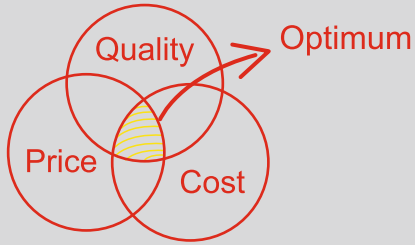

we contribute to the economy. Our products are also acknowledged and used in global markets thanks to their high quality standards.

OUR PROFESSIONAL TECHNICAL TEAM

continues to give our customers after-sales support with technical trainings they need.

Our Differences

OUR OPTIMUM PRICING POLICY

enables us to maximize our customers' profitability. The cost advantage that the simplified processes provide us is reflected to our customers as a price advantage.

OUR R&D TEAM

pursues global innovations to locally develop products that will be used in the construction of comfortable buildings.

Semitrone is proud to be the first producer of Glass Mosaic Adhesive in India.

OUR OPTIMUM PRICING POLICY

includes hundreds of different products to be used from the foundation of a construction to the concrete, from isolation to the details of the architecture, to the renovation of historical buildings.

Products Category

We produce high quality construction chemicals in **09 main product categories**.

**Waterproofing
Systems**

**Cement Aids &
Admixtures**

**Tile & Stone
Adhesive**

**Grouts &
Sealants**

Cleaning Products

Paints

**Special
Products**

**Paver
Products**

**Industrial
Products**

Accessories

Waterproofing Products

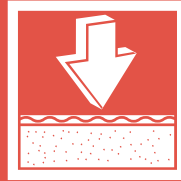

In this category, we produce

- MS Polymer
- Liquid Membrane
- Polyurethane Coating
- Acrylic Coating
- Crystalline Treatment
- Cement based Acrylic Coating
- Water Thinnable Epoxy Coating
- TPA Clear Coating
- Bituminious Clay type Emulsion
- Instant Plug
- Waterproofing Tapes
- Water Swellable Bar
- Water Replent

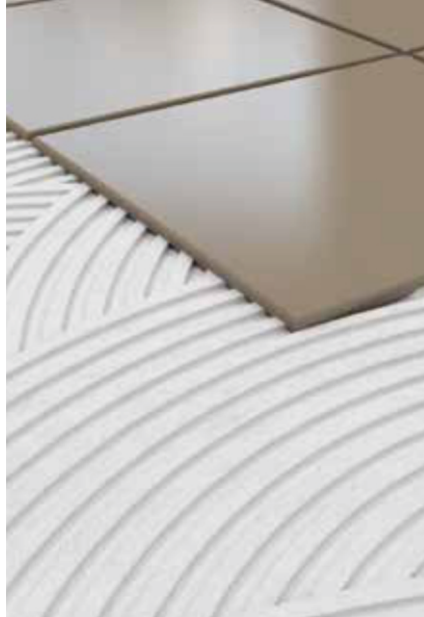

Cement Aid & Admixtures

In this category, we produce admixtures which increase the resistance of the concrete and the mortar against frost, and make application easier by increasing the water impermeability and workability.

Tile & Stone Adhesive

In this category, we produce adhesives for floor and wall coverings such as ceramic, tiles, granite, natural stones as per IS - 15477 EN - 12004 / ISO - 13007

- Cementitious adhesives
- Dispersive adhesive
- Reactive adhesive
- Efflorescence free adhesive
- Screed (for Underlay Application)
- Primers

Grout & Sealants

Our Grouts & Sealants are produced under following subcategories:

- Cementitious Tile Grout
 - Sanded
 - Unsanded
- Epoxy Tile Grout
- Translucent Epoxy Tile Grout
- PU Injection Grout
- Polyurethane Sealants
- Anchor Grout

Cleaning Products

In this category, we produce

- Tile Cleaner
- Glass Cleaner
- C. P. Fitting Cleaner
- Drain Cleaner
- Multi Surface Cleaner

Since 1992
SEMITRONE[®]
Adding value to constructions

Paint Products

In this category, we produce

Zinc Phosphate & Water based coating for
TMT bar
Metal surface

- Wall Putty
- Wall Primer
- Crack-X Paste
- Crack - X Powder

Since 1992
SEMITRONE[®]
Adding value to constructions

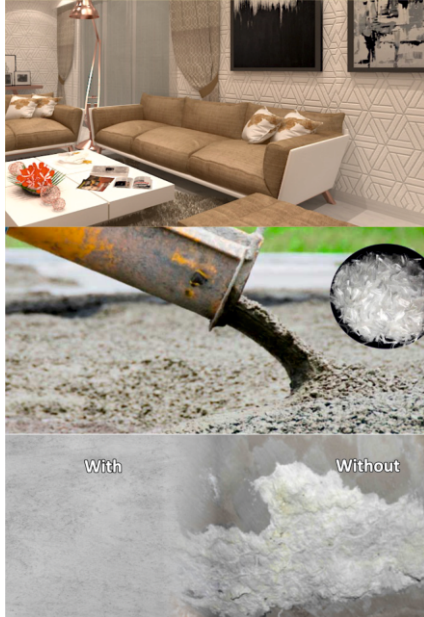

Special Products

In this category, we produce

- PP Fiber
- Glass Fiber
- Epoxy Bonding Agent
- Efflorescence Treatment Chemicals

Since 1992
SEMITRONE[®]
Adding value to constructions

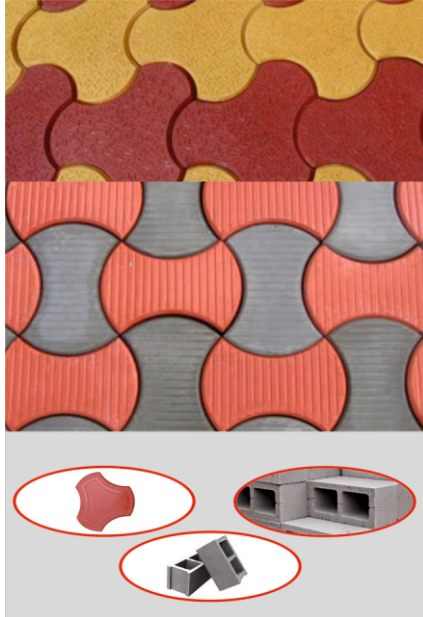

Paver Products

In this category, we produce

- Pave Hardener
 - Regular
 - PC based
 - Melamine based
- Shiner for Paver Block

Industrial Products

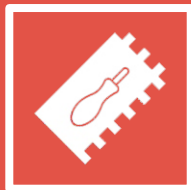

In this category, we produce

- Mould Release Agents
- Rust Converter
- Micro Concrete
- Gp2 Grout
- Epoxy Bonding Agent
- Epoxy Mortar
- Floor Hardener
- Polymer Modified Mortar
- Block Adhesive
- Ready Mix Plaster

Accessories

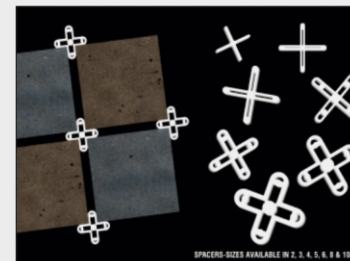

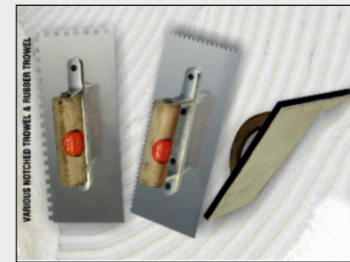

In this category, we produce

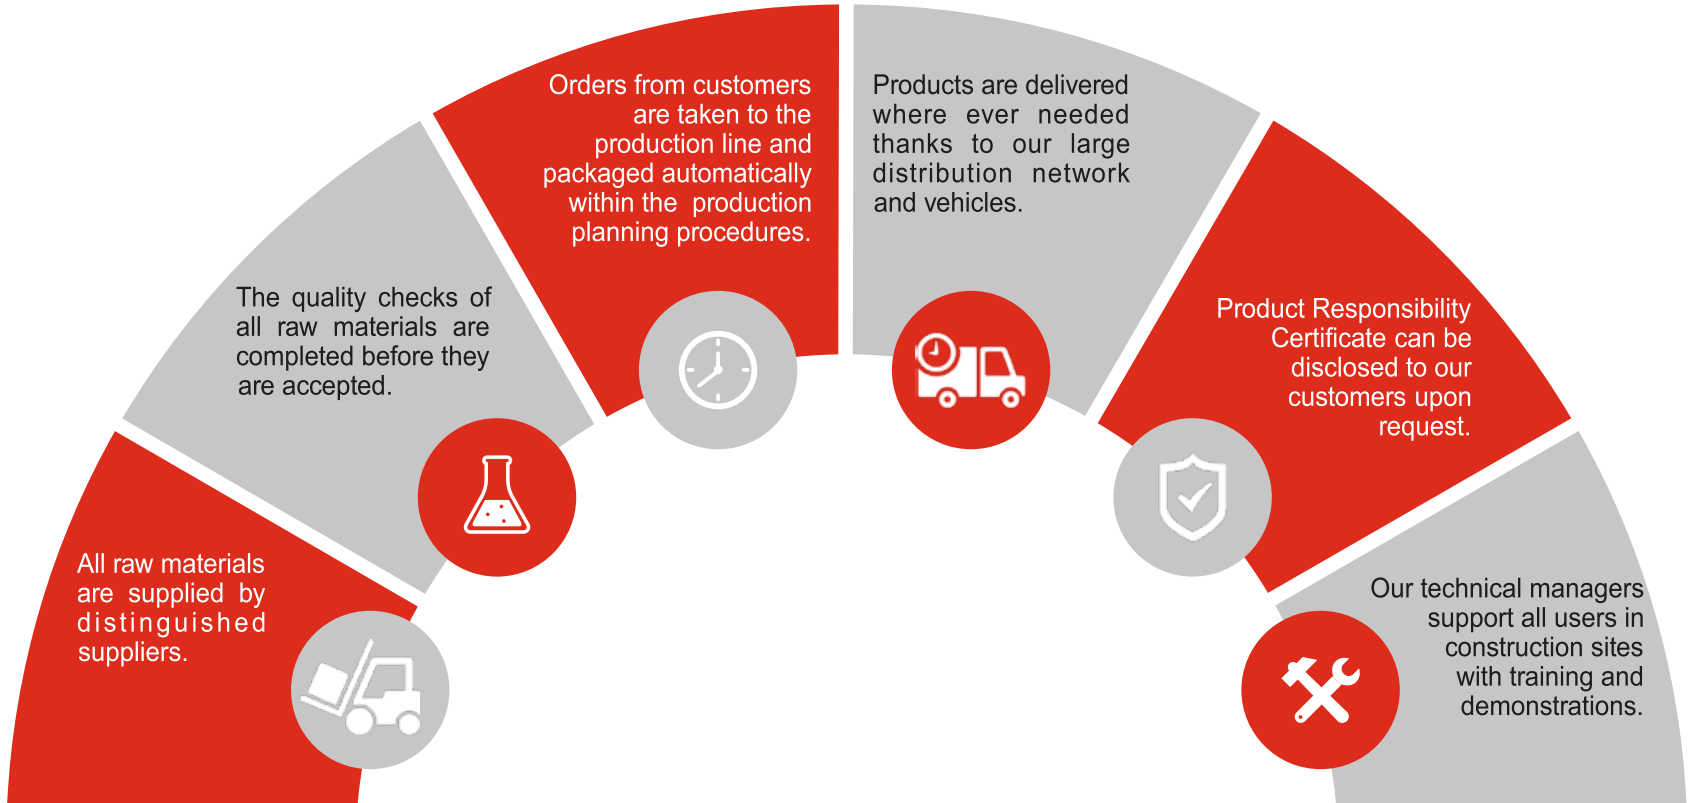

- Tile Spacer
- Rubber Trowel
- Notched Trowel
- Tile Leveler
- Surface Vibrator
- Plugs for Tie Rods
- Mortar Mixer Machine

Since 1992
